LUME 6, NO. 156

BRAINERD, MINN., WEDNESDAY, DECEMBER 5, 1906.

PRICE TWO CENTS

LETTE CONVICTED

Y AT HERKIMER, N. Y., FINDS
IM GUILTY OF THE MUR-
DER OF GRACE BROWN.

DWS NO SIGN OF EMOTION

SONER RETAINS HIS COMPO-
URE WHEN VERDICT OF THE
JURY IS RETURNED.

Herkimer, N. Y., Dec. 5.—The jury
trial of Chester E. Gillette for
murder of his sweetheart, Grace
Brown, at Big Moose lake on July 11,
t, has returned a verdict of guilty
murder in the first degree.
Sentence will be pronounced on
ursday, to which time court ad-
rned after the jury had reported.
Former Senator Mills, Gillette's
nsel, before adjournment, said that
en court reconvened Thursday he
d move to have the verdict set
de.

The jury, which had deliberated for
e hours, sent word at 11 o'clock that
verdict had been reached. A mo-
ent later they filed into the court-
om and at 11:15 o'clock an officer
o had been sent for Gillette re-
rned with the prisoner.

Pale and a trifle nervous, apparent-
y, Gillette faced the jury and when
arshall Hatch, the foreman, declared
at a verdict of guilty in the first de-
ee had been found, the prisoner gave
sign of emotion. A few moments
ter when his counsel had announced
a purpose of making a formal mo-
on that the verdict be set aside and
o judge was dismissing the jurors,
illette bent over a nearby table and
ecking up a pencil wrote something
on a sheet of paper. He then folded
e paper carefully and placed it in his
ocket. Immediately after he was
skent from the courtroom back to his
ell in the jail.

It was learned that the jury had
ome difficulty in reaching an agree-
ent and six ballots were taken before
e twelve men agreed. Up to that
me the jury had stood eleven for con-
fession and one for acquittal.

Courtroom Crowded.

Every seat and every bit of space
here standing room could be secured
n the courtroom remained filled dur-
g the five hours of the jury's de-
beration. Many expressed their de-
ermination to remain until morning
ould a verdict not be returned at
ight. The buzz of conversation was
ontinuous as people discussed the
ases of the case. Now and then
ere was a stir as rumors spread that
verdict had been reached and every
ovement in the direction of the jury
oom was watched with intense eage-
ness.

It was just 10:54 when three raps
t the door drew the attention of a
eputy. Immediately there was a
ush of expectation throughout the
ourtroom.

"Instruct the court that the jury has
eered," said Marshall Hatch, the
oreman, to the attendant.

"Within fifteen minutes the prisoner,
udge and all attendants were brought
into the court. Every eye was fixed
on Gillette, who was evidently nervous
when he entered the room accom-
panied by Under Sheriff Klock, and
the crimson flush that had remained
on his cheeks all day during the mer-
ciless speech of the prosecutor had
aded into a deathly pallor. He was

chewing gum and his fingers twitched
nervously as he took a chair at his ac-
ustomed place. Presently he discov-
ered that the favorite high back chair
he had occupied had been replaced by
another, and he immediately changed
the chairs with a muffled mutter about
having his own chair to sit in.

Then the jury filed into the court-
room and took seats on the opposite
side of the room to those occupied by
it during the trial.

Found Guilty as Charged.

"Gentlemen of the jury, have you
agreed on a verdict?" asked Court
Clerk Burney, and then attention
shifted to the jury. Gillette's eyes
followed those of the audience, and as
the foreman arose to speak, the pris-
oner glued his attention on him.

The spokesman was Marshall Hatch,
and he said:

"We find the defendant guilty of the
crime charged in the indictment."

As the words that were destined to
send him to the death chair were
spoken there was not a sign of change
in the prisoner. His expression was
vacant and he uttered no sound.

Gillette sat motionless as one after
another the twelve jurors arose to
their feet and declared that they were
united in their decision. When the
twelfth man had responded the stolid
indifference or studied composure of
the boy was exhibited as never before.
Leaning over a near-by table, he wrote
this message:

"Father:—I am convicted.

—"CHESTER."

This was one of the earliest dis-
patches carrying the news of Gil-
lette's doom beyond the walls of the
courthouse. It went to his father in
Denver.

The under sheriff took Gillette back
to jail, and as soon as he entered his
cell he prepared hurriedly for bed.

"When the reporters want to see
me," he said to Sheriff Richards, "tell
them I have nothing to say, only I
didn't expect that verdict."

The jury, it was stated, would have
reached its verdict quickly had it not
been for one juror who thought Grace
Brown was a suicide. The other
eleven argued against the theory he
had formed and ballot after ballot was
taken until finally, on the sixth ballot,
the jury agreed.

The case was given to the jury at
5:50 p. m., after Judge Devonder had
occupied an hour and fifteen minutes
in his charge.

The day's session until the judge
charged the jury was taken up by Dis-
trict Attorney Ward, who described
the friendship of Gillette and Grace
Brown and their companionship up to
the time of the girl's death. For the
first time during the trial the prisoner
broke down as he was mercilessly
scored by the prosecutor.

When the latter read abstracts from
the letters sent Gillette by his sweet-
heart, Gillette cried and at times
throughout the remainder of the ses-
sion sobbed convulsively.

Transferred.

American ambassador to Rome, will
be transferred in the near future from
that post to Paris, where he will suc-
ceed Robert S. McCormick as am-
bassador. Mr. White will be succeeded
at Rome by Lloyd C. Griscom, now
American ambassador to Brazil.

It is stated that beyond these
changes, the president has not defi-
nitely settled upon the persons who
are to be appointed to fill the vacan-
cies caused by the promotions and ex-
changes.

Severe Earthquake in Sicily.

London, Dec. 5.—A severe earth-
quake is reported to have occurred at
Milazzo, on the north coast of Sicily.
As yet no deaths have been reported.

READING OF MESSAGE

FOLLOWED CLOSELY BY A VERY
LARGE NUMBER OF MEMBERS
IN THE HOUSE.

PUNCTUATED WITH APPLAUSE

DOCUMENT RECEIVES HEARTY
GREETING FROM DEMOCRATS
AND REPUBLICANS.

Washington, Dec. 5.—The reading
of the president's message consumed
two hours and twenty-five minutes in
the house, and was followed closely by
a very large number of members,
while the crowded galleries gave close
consideration.

Here and there the reading of the
document was punctuated with ap-
plause, and hearty handclapping from
Democrats as well as Republicans fol-
lowed its conclusion. During the ma-
jor portion of the time of the reading
of the message Representative Lacey
of Iowa acted as speaker pro tem, be-
ing the first of the defeated "stand-
patters" to be recognized by Speaker
Cannon.

While the house waited upon the
secretary to the president to appear
with the message, which had been
promised by the committee appointed
by the speaker to wait upon the chief
executive and inform him that the two
houses of congress were organized and
ready to proceed to business, Speaker
Cannon appointed Robert G. Cousins
of Iowa chairman of the committee on
foreign affairs to succeed the late
Robert Hitt of Illinois. He also ap-
pointed Representative Frank O. Low-
den to a place on the same committee
to fill the vacancy caused by the death
of Mr. Hitt. After the customary
resolutions relating to the printing of
the message the house at 2:53 ad-
journd for the day.

ON JAPANESE SITUATION.

Senator Raynor of Maryland Intro-
duces a Resolution.

Washington, Dec. 5.—President
Roosevelt's annual message to con-
gress occupied the attention of the
senate for two and one-half hours to
the exclusion of nearly all other busi-
ness. The exception to this was the
introduction of a resolution on the
Japanese situation by Senator Raynor
of Maryland, and the adoption of ap-
propriate resolutions regarding those
members of the house of representa-
tives who have died since the last
session. As a mark of further respect
to their memory, adjournment was
taken at 2:54 o'clock.

Trial of Pat Crowe.

Council Bluffs, Ia., Dec. 5.—Pat
Crowe, whose recent trial and acquit-
tal of the charge of robbing E. A.
Cadaby, the millionaire packer, of
\$25,000 through kidnapping the latter's
son, gave him wide notoriety, will be
placed on trial here on a charge of
holding up and robbing a street car
crew here last summer.

Wife Murderer Convicted.

Canton, O., Dec. 5.—James Corne-
lius has been found guilty of murder
in the first degree by a jury in com-
mon pleas court. Cornelius killed his
wife in September by hitting her on
the head with a window weight, frac-
turing her skull. He was formerly a
sewer contractor.

CONSPIRACY TO DEFRAUD.

Charge Upon Which Pittsburgh Civil
Engineer Is Arrested.

Pittsburg, Dec. 5.—With the arrest
of J. H. Millholland, a civil engineer
on a charge of conspiracy to defraud;
the issuance of warrants for the ar-
rest of Joseph Flaherty and H. T.
Bostaph on the same charge; the
grand jury indictment against Presi-
dent C. S. Cameron charging him with
contempt and obstruction of justice
and the postponement until Dec. 17 of
the conspiracy hearing of Common
Councilman William A. Martin, the
developments in the alleged \$70,000
bribery scandal between the officials
of the Pittsburgh and Tube City rail-
road and the members of the Pitts-
burg select and common councils were
sensational.

Mr. Millholland was arrested and
taken to the central station, where he
remained in the office of the director
of public safety for several hours,
when a friend furnished \$2,000 bail
for his release. The information
against him alleged that he unlaw-
fully combined, conspired and agreed
to corruptly influence certain council-
men in the deliberation and vote for
the granting of franchises to the Pitts-
burg and Tube City railroad.

President Cameron was indicted by
the grand jury for his refusal to tes-
tify in Magistrate Brady's court in the
conspiracy hearing of Councilman
Martin.

District Attorney Stewart stated
that Cameron would be tried in quar-
ter sessions court next Monday.

ON SHORTAGE OF CARS

INTENTIONS AND ATTITUDE OF
COMMERCE COMMISSION
MADE CLEAR.

Washington, Dec. 5.—The intentions
and attitude of the interstate com-
merce commission respecting the car
shortage in the Northwest are made
clear in the following letter addressed
to Senator Hansbrough by Chairman
Knapp:

"The inability of shippers to secure
cars for the movement of their traffic
is reported from various parts of the
country and amounts in some sections,
as you observe, almost to a calamity.
This matter has given the commission
special concern, although we appear
to be without any adequate authority
to deal with such a situation. We can
exercise no direct power to compel
interstate carriers to furnish adequate
equipment, nor are we prepared at
this time to recommend specific legis-
lation upon this subject. If a given
carrier unjustly discriminates between
shippers in distributing its car supply,
we could undoubtedly make an en-
forceable order of relief after investi-
gating a complaint and giving the car-
rier a hearing. We could also perhaps
award reparation for damages result-
ing from failure to supply sufficient
cars, but our power to do so is not al-
together certain.

"Moreover, any award made by us
in a proceeding brought for that pur-
pose would establish only a prima
facie case against the carrier in a
suit brought in the federal courts to
enforce the order. Inasmuch as such
a proceeding goes upon the theory of
awarding damages, it would seem to
be rather more suitable and efficient
for aggrieved shippers to bring their
suits in the courts in the first instance.

"We have, however, ordered an in-
vestigation of this matter of car short-
age and will prosecute it with the ut-
most dispatch. Already one or more
agents have been sent to the North-
west and it is expected that hearings
will take place in that region within
the next two weeks. This appears to
be the most effective course the com-
mission can take and you may be as-
sured that everything will be done
within the scope of our authority to
bring about the earliest possible re-
lief."

JUDGE WEBBER SUICIDES.

Body of Minnesota Jurist Found Hang-
ing in Hayloft.

New Ulm, Minn., Dec. 5.—Judge
Webber, who has occupied the bench
in this district for twenty-four con-
secutive years, committed suicide by
hanging, his body being found during
the morning in the hayloft of his barn
here.

Despondency is given as the cause.
He was worried over his wife's illness
and the heavy expense in conse-
quence, though he was supposed to be
worth \$100,000. Judge Webber was
seventy-four years old.

Judge Webber's mind had become so
far deranged that he believed he was
going to the poorhouse, though his
wealth amounted to at least \$100,000.

Will Destroy Illegal Fences.

Cheyenne, Wyo., Dec. 5.—United
States Deputy Marshal James La-
force and a posse of eight men have
left Cheyenne under orders of Special
Agent Hughes to cut and destroy al-
leged illegal fences owned by A. Bris-
tol and other ranchmen in this coun-
ty. The posse was heavily armed.

WEDNESDAY, DECEMBER 5, 1906.

DULUTH is in the throes of a primary election for city officers.

In North Dakota 99 house members and 39 senators are said to be spending their spare time working upon primary election bills to be presented to the legislature when it convenes. It is to be hoped that some one of them may be able to solve the problem of confining the members of each party to their own ticket in making nominations. When it comes to election if the democrats can induce republicans to vote their way or vice versa there isn't so much objection, but nominations made by either party should be made within the party without interference.

It may be a little early to start a campaign for office in 1908 but there are those who think the early bird catches the worm, and in accordance with this theory and that he may let every voter in the county know of his intention in plenty of time James Sorenson is acquainting his friends with the fact that he will be a candidate for sheriff at the next election. Mr. Sorenson has been a life long republican and has been one of the tireless workers in season and out and he is satisfied that if the party will give him the unanimous nomination that he will be able to do the rest when the general election is held. The gentleman is thoroughly equipped to perform the duties of the office and he would make a good sheriff. Mr. Sorenson lives in Kennedy's precinct near Merrifield.

The legislature will be called upon to face the reapportionment proposition this winter judging from the comments made in the various newspapers. Attention has been called to the discrepancy between the northern and southern parts of the state in the matter of representation, showing that the five senatorial districts consisting of Houston, Dodge, Waseca, Scott and Nicollet counties have a population of but 71,520 and a senator for every 14,304 people while five northern Minnesota districts consisting of Red Lake, Norman, Clearwater, Beltrami, Otter Tail, Wilkin, Becker, Clay, Cass, Itasca, Carlton, Aitkin, Todd, Wadena and Hubbard with 240,465 population have the same number of senators, five, or one senator for every 48,093 people. It certainly looks like an unequal division.

DO HOLIDAY SHOPPING EARLY

H. F. Michael Gives this Advice To Brainerd Shoppers for Clerk's Sake

CAN GET BETTER SERVICE

Selections are Better than Just Before Christmas and Prices The Same

In speaking to a DISPATCH representative regarding holiday trade the other day H. F. Michael urged shoppers to do their holiday trading as early as possible in the season. He said:

"It is to the interest of every lady to do her shopping early. If there was some reason for waiting there would be some excuse, but now she has better selections than later and the humanitarian side of the Christmas shopping question should be seriously considered. The lady who shops early will make Christmas a greater pleasure to every sales lady. Generally all shopping is deferred to the last week or last few days before Christmas, and the sales ladies are compelled to be on their feet from eight in the morning until ten o'clock in the evening every day for the ten days preceding Christmas. The day is then not one of festivities, but one of enforced rest.

"Edward Bok, gives this question much attention in his editorials in the December number of the Ladies Home Journal and what he says is not exaggerated in the least. No, I am not saying this for profit. Every person spends about so much for Christmas and it is in the interest of the faithful ones behind the counter that I speak."

Every other merchant will heartily endorse what Mr. Michael says on the matter. Another good reason for early shopping is that the goods are fresher now than after they have been handled over. Of course there are some who can not do their holiday trading until after the December pay day, but this is the more reason that those who have the money in hand should shop early to give the rest the better chance. There are but three working days between pay day and Christmas this year and it will keep the clerks busy and make them weary to wait on the railroad people who must buy after pay day. If you possibly trade before that time you will save time, temper and money by doing it and will make life easier for the hard working clerk.

Public Speaker Interrupted.

AMUSEMENTS

Walker Whiteside Last Night

A large audience gathered at the opera house to see Walker Whiteside in "The Magic Melody," and were well repaid for going. Mr. Whiteside was at his best. The play, which was written expressly for him, was well suited to bring out the strong points in his acting. The company supporting him was strong and well balanced and the play was excellently staged. The play is especially strong in human interest and strongly portrayed the modern worship of power by the captains of industry.

My heart and hand another claimed, His plea had come too late. It's even thus with people without pluck and vim, Take Rocky Mountain Tea, don't get left again.

Mike Peters and Laura Christenson.

Food Commissioner's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kidney's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. H. P. Dunn & Co. mwfdw

Danger in Asking Advice.

When you have a cough or cold do not ask some one what is good for it, as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn & Co. mwfdw

RESTS IN HANDS OF CONGRESS

Opinion of Cubans Regarding Policy of the United States.

Havana, Dec. 5.—The message of President Roosevelt to the American congress was published in the local press. No editorial comment on it was made. Liberal and Moderate leaders are chary of expressing an opinion of the president's declaration regarding a Cuban policy, but the general view is that it does not differ materially from the statements made in the letter to Senor Quesada, the Cuban minister, last September, and that the final determination of the policy of the United States rests in the hands of congress.

AGAINST THE GOVERNMENT.

Peaceful Regenerationists of Russia Join the Opposition.

St. Petersburg, Dec. 5.—The peaceful regenerationists are now definitely arrayed in the camp of the opposition. The first plenary meeting of the central committee of the party was held here and resolutions were adopted accusing the government of the following unconstitutional and illegal actions:

First, the restraining of the political rights of citizens and the prohibition of electoral meetings; second, the barring of employees of the state, zemstvos and municipalities from participation in the efforts of political parties, contrary to paragraph 18 of the fundamental laws; third, the deprivation of large masses of the population of their votes by means of senate orders and, fourth, the infringement of the prerogatives of the lower house of parliament by the publication, before hand, of a series of important proposed legislative acts.

Describing the above actions as arbitrary violations of the laws, the central committee declares they nourish revolution and shake the people's reverence of the law.

MAKE CUYUNA MERCHANTABLE

Important Move in the Iron Ore Business Of Northern Minnesota will be Concentration of the Ores

The next most important move in the iron ore business of northern Minnesota that will be made will be the concentration of the ores, says a dispatch to the twin city papers. This will be the recognition of the low grade ores of this district, ore that is not sufficiently high in metallic iron to be of commercial value at this distance from the point of consumption. It is learned, and now is published for the first time, that prominent Pittsburgh mining men have been looking over the mining district with a view of taking over low grade properties and concentrating the ore either at the mine or in Duluth. The dispatch says there is considerable ore of this class on the Western Mesaba, and the bulk of the ore that has been shown up on the Cuyuna range is reasonably sure to be concentrated. In fact it is the latter range that has done more than anything else to attract the attention of mining men to the advantages of concentration of ores of this state.

WOMEN'S WOES

Brainerd Women are Finding Relief at Last

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must keep up, must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and ma y aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co's drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

Life Impossible Without Sleep

The Vitality Consumed During Waking Hours Must Be Restored by Sleep—Otherwise Collapse.

Men have lived for weeks without food, whereas a few days without sleep and man becomes a raving maniac—a mental and physical wreck.

Nights of sleeplessness tell of a feeble and depleted nervous system, of approaching nervous prostration or paralysis.

The use of opiates merely gives temporary relief, and actually hastens the collapse of the nervous system.

The regular and persistent use of Dr. A. W. Chase's Nerve Pills will form new, rich blood, create new nerve force and thoroughly cure sleeplessness and nervous exhaustion.

By keeping a record of your increase in weight while using this treatment you can be certain that new, firm flesh and tissue are being added to the body. You will feel the benefit in every organ.

BAD FLOOD IN ARIZONA

PRINCIPAL BUSINESS SECTION OF THE TOWN OF CLIFTON IS WASHED AWAY.

DEATH LIST IS VERY LARGE

REPORTED THREE SCORE OF PERSONS LOST THEIR LIVES BY DROWNING.

Phoenix, Ariz., Dec. 5.—It is reported that fifty people have been drowned in the floods at Clifton, Ariz. Attempts to communicate are futile as all wires are down. A message received here from Tucson, Ariz., says the town of Clifton is half destroyed. The report that between fifty and sixty persons were drowned is partially confirmed.

Bisbee, Ariz., Dec. 5.—One of the worst floods in the history of Clifton, Ariz., came down the San Francisco river and Chase creek at night. The principal business section of the town was almost completely ruined. From seven to twenty persons is the report of the loss of life. The name of only one victim, however, has been obtained, Mrs. Joseph Thron, who, with her husband and children, was caught in a falling building and killed.

The other members of the family had narrow escapes. One of the saloons which was washed away carried several men into the torrent and they are believed to have been drowned.

A number of small frame buildings in which people were known to be living were destroyed and it is feared that a number of families perished.

The Coronado railway from Clifton to Longfellow is destroyed. It will be several weeks before business can be resumed over the road. The financial loss cannot be estimated.

CONCENTRATOR DAM BROKE.

Cause of the Disastrous Flood at Clifton, Ariz.

El Paso, Tex., Dec. 5.—A dispatch from Morenci, Ariz., says eight lives are said to have been lost in a great flood at Clifton. The Detroit concentrator dam broke, sending a wall of water down Chase creek. Wires are down between Morenci and Clifton and no definite news can be obtained until messengers return from Clifton. The Copper Queen hotel is said to have been swept away by the flood and at least fifty persons lost their lives.

The concentrator dam, which gave way, precipitating the great flood upon the town, was constructed entirely of earth. The dam was carried away two years ago as a result of the swollen streams and a number of persons were drowned.

Eighteen Persons Drowned.

Globe, Ariz., Dec. 5.—A message from the operator at Solomonville, Ariz., reports that eighteen persons were drowned in the flood at Clifton, but gives no details of property damage, which, however, is believed to be great.

WORK ON CANAL SUSPENDED.

Heavy Rainfall Causes Floods on the Isthmus.

Colon, Dec. 5.—Ten inches of water has fallen in Colon during twenty-four hours. The Chagres river has reached the highest point ever known and is still rising fast. Communication and traffic by way of the Panama railroad are interrupted. The inhabitants of the village north of Bas Obispo necessarily will suffer greatly from the flood, as it will be impossible to get relief to them unless the Chagres subsides.

The high winds tore the roof off the market and lightning struck the middle pole of the wireless telegraph station, and in falling the pole damaged the powerhouse.

There has been no telegraphic communication with Panama since Monday. The washouts on the railroad are most severe between Mamel and Gorgona. The Chagres has risen twenty-eight feet. The bridge at Matachin has been carried away and the town is five feet under water. Some of the machine shops of the canal contractors are flooded to a depth of two feet. The work on the canal has been suspended on account of the inundation.

FOUR CHILDREN CREMATED.

Burn to Death While Their Mothers Are Away From Home.

Westfield, N. J., Dec. 5.—Four children, two boys and two girls, ranging in age from two months to five years, were burned to death at their home near here at night. Mrs. W. F. Wezbi and Mrs. Oscar Felter, who lived together with their two children each, went out to work, leaving their little ones at home alone. During their absence their house caught fire. The children were burned beyond recognition.

Fatally Wounds His Sweetheart.

Springfield, Mo., Dec. 5.—Garland Moore, aged twenty-one, a mail carrier, shot and fatally wounded Miss Clara West, aged twenty-seven, at Bos D'Arc. Moore fled after the shooting and a posse started in pursuit. The shooting occurred in the parlor after Moore had pleaded with her to marry him.

ON ROOSEVELT'S MESSAGE.

Prevailing Tone of Comment in London Papers Is Favorable.

London, Dec. 5.—President Roosevelt's message to the American congress occupies the most prominent place in the leading newspapers and has attracted widespread attention from government officials, diplomats and the public. The prevailing tone of the comment is favorable, particularly with reference to the president's statements on the Japanese question, the newspapers emphasizing the president's warning of a possible use of the federal forces for the protection of Japanese. This feature of the message has given especial satisfaction in official Japanese quarters, where it is pointed out that Japan is satisfied to await the outcome of the issue between the state and federal authorities.

The Daily Telegraph says the president speaks out resolutely and fearlessly, knowing that the democracy likes a man who is not afraid to be its master.
